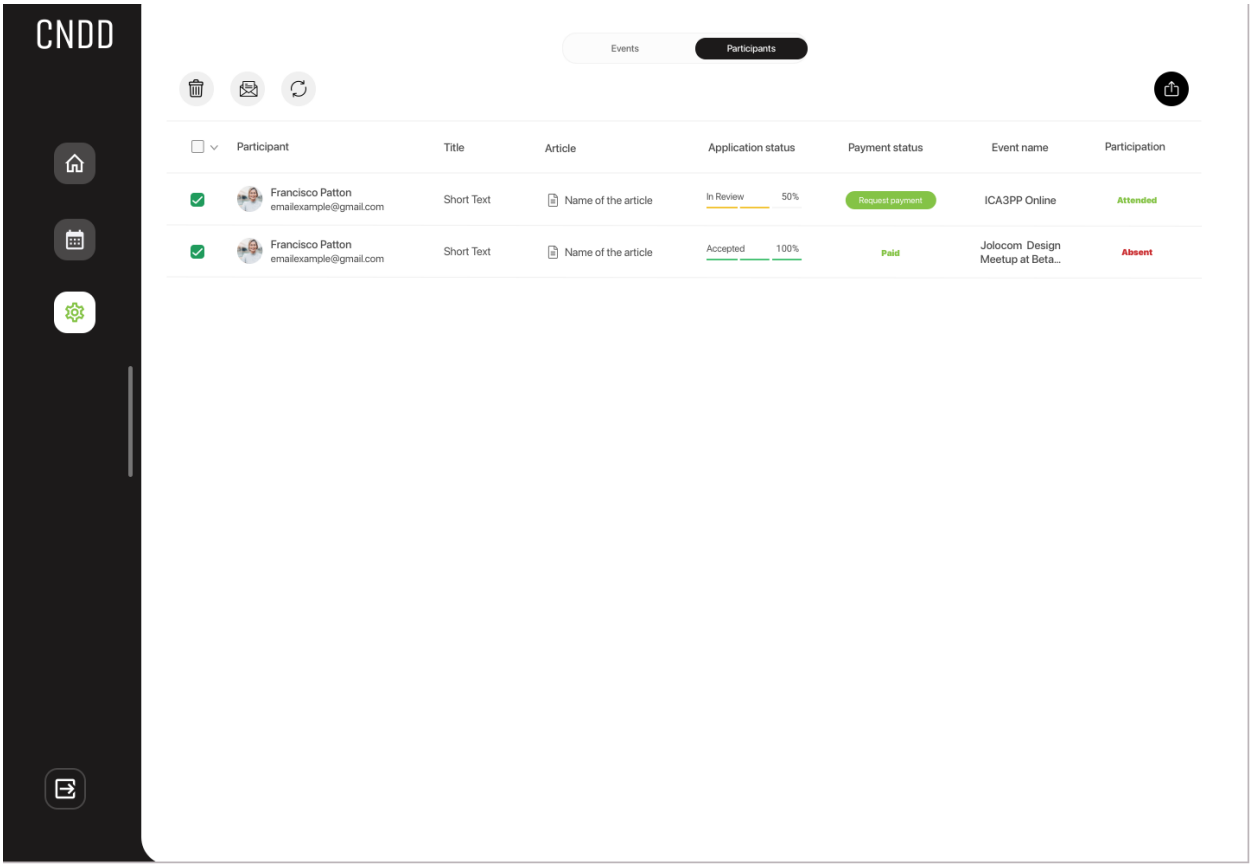
Update/Delete a Participant

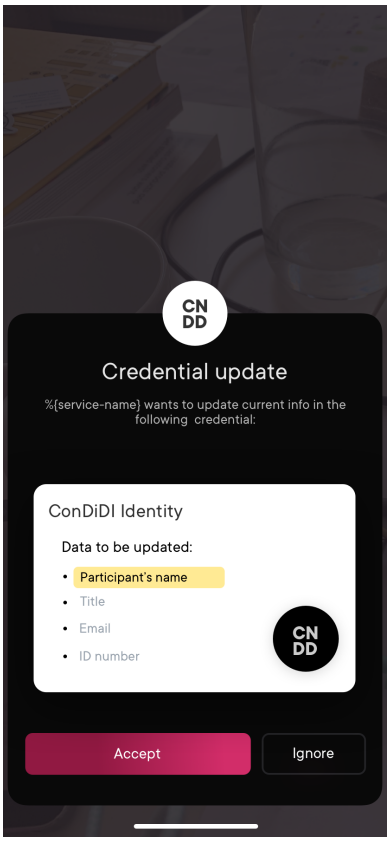
As an organizer I want to update Meta Information or delete a Participant

Description

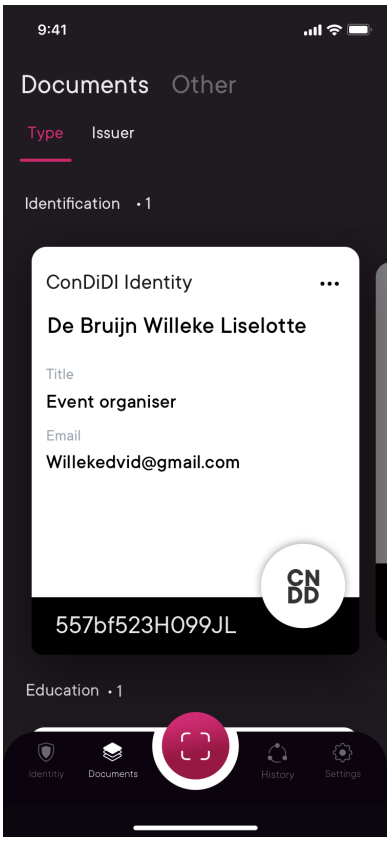
An organizer updates Meta information or deletes a Participant via CONDIDi Admin Area, CONDIDi sends a request to Jolocom's SDK to change Condidi Credentials of a User and sends an Email Notification to the User.



The updates of the User's Condidi Credentials must be accepted by the User, the User opens the App by clicking a link in his Email and gets Credentials Update request:



Once the User accepts the Updates, the User can see the Condidi Credentials in his Wallet



Data Structure

- ConDIDi User ID;
- User first name;
- User last name;
- Title;
- User email;

Tasks/User Stories
